

MEIKI

บริษัท เมอิกิ เอ็นจิเนียริง (ไทยแลนด์) จำกัด
Meiki Engineering (Thailand) Co., Ltd.

Notice of Closure: Meiki Engineering (Thailand) Co., Ltd.

22 April 2025

Dear Valued Business Partners,

We would like to express our sincere appreciation for your continued support and partnership.

We regret to inform you that Meiki Engineering (Thailand) Co., Ltd. will cease operations at its plant in Ayutthaya, Thailand, effective June 24, 2025, and will begin dissolution procedures.

Since 2006, we have been engaged in the design, manufacturing, and maintenance of large plastic injection molds. However, due to worsening market conditions and rising labor and raw material costs, we see no viable path forward for continuing the business. As a result, we have made the difficult decision to close the company.

We sincerely apologize for any inconvenience this may cause.

We are truly grateful for the trust, support, and collaboration you have shown us throughout the years and wish you continued success in the future.

For any further information regarding the closure, please contact the following:
